Rural Residential DEFENDER!
Grand County, UT

A Voice for Rural Grand County

I grew up in a hard-working logging family and I know how difficult it is for most families in Grand County to get by. As an educator for over 30 years, a County resident for 23 years, and an avid hunter, climber, and backcountry advocate, I work hard to be a positive, effective defender of our rural communities. **There is more work to do,** and I am focused on finding solutions that really serve our residents.

WHAT I'M WORKING FOR:

- ✓ **REAL AFFORDABLE HOUSING**
- ✓ **RURAL CHARACTER AND GREAT NEIGHBORHOODS**
- ✓ **THRIVING LOCAL FAMILIES**
- ✓ **RESPONSIBLE, RESPONSIVE, NO-NONSENSE GOVERNMENT**
- ✓ **FLOOD MITIGATION AND PLANNING**

Get a Grip on Your Business.

The Moab Chamber of Commerce is excited to partner with EOS Implementer, **Kristin Donahue**, to help you Get a Grip on your business! Kristin will deliver a powerful presentation that will introduce you to the Six Key Components™ of a successful business and help you apply them in your daily operations.

IS THIS YOU?
Many of the most successful entrepreneurs and business leaders work longer hours and get less return on their investments of time and money.

Maybe you grapple with some of these challenges:

- **Lack of control** over time, markets, or your company.
- **People** who don't listen, understand, or follow through.
- **Profit** that's inconsistent and/or there's not enough.
- **Growth** is happening, but you can't break through to the next level.
- **Quick fixes** that come and go, bringing little change with continued frustrations.

At the conclusion of this **complimentary** workshop, you will walk away with a set of simple, practical tools that you and your leadership team will use immediately to focus on priorities, get clear on issues, and gain traction together, as a healthier leadership team.

"Over the last 20 years, I've been working with business owners and leadership teams - whether it's small solo-owned business, or large companies. I've found I have a knack for helping people and teams identify their gap - what's the difference between where you are and where you want to be, and what tools do you need to fill this gap? I love working as an EOS Implementer because it gives me so many tools to help leaders and teams fill their gaps." - Kristin

THE MONDAY MESSAGE

A weekly deep dive into matters of culture, reality, science and faith

CALENDAR FOR NOVEMBER

NOVEMBER 4
The Book of Revelation: The final and most controversial book of the Bible. Read in its entirety without commentary or interruption. Seven readers, 22 chapters, about 1 1/2 hours. The only book in the Bible that promises a specific blessing for those who listen to it. "Blessed is the one who reads aloud the words of this prophecy, and blessed are those who hear it and take to heart what is written in it, because the time is near." Rev:1:3

NOVEMBER 11
Unlocking the Mystery of Life: The Scientific Case for intelligent Design (2002)
The story of contemporary scientists who are advancing a powerful but controversial idea—the theory of intelligent design. This video transports you into the interior of the living cell to explore systems and machines that bear hallmarks of design:

NOVEMBER 18
Who is like unto the Beast? Artificial Intelligence and the Human Race A multi-media presentation by Sand Sheff about the growth of AI. Sand is the author of *Real is Good: Reality, Freedom and the Computer Network*

NOVEMBER 25
The Case for Christ (2007) A seasoned journalist and atheist (Lee Strobel) chases down the biggest story in history--is there credible evidence that Jesus of Nazareth really is the son of God? What he finds changes his life.
